PROPERTY RELIEF RESTRICTIONS

Three new measures are being introduced which will restrict the various property based tax relief schemes:

Section 23 Type Relief

- From 1 January 2011 this relief will be restricted to income from the Section 23 property itself (currently such income can be set against all rental income).
- At the end of the 10 year holding period any unused relief will be lost. If property is sold within this period the new owner will not get the Section 23 relief and the seller continues to be subject to a clawback of relief already given.
- For Section 23 properties yet to be sold, for which relief is yet to be claimed, the 10 year qualifying period will start on 30 June 2011 regardless of the date of the first qualifying lease. Therefore, in such cases, no Section 23 relief will be available after 30 June 2021.
- Residential owner-occupier relief is unaffected by these changes.

Capital Allowances

- A number of restrictions have been introduced which apply solely to passive participants in capital allowance schemes.
- With effect from 7 December 2010 any unused capital allowances carried forward expire at the end of the period of the tax scheme.
- From 2011 onwards capital allowances will be restricted to offset against income from the property which gave rise to them, whether rental or trading income, with no setting sideways against any other form of income.
- Schemes with a period over 10 years which has not ended will be truncated to 7 years from when allowances are first made.
- Capital allowances limited by truncation will be reduced by 20% and may be made evenly in the year of assessment 2011 and all subsequent years of assessment up to and including the 7th year after the allowance was first made.

Guillotine from 2014

- Termination of all unclaimed and unused capital allowances arising after or carried forward from 2014 as well as unused Section 23 relief carried forward from 2014.

Impact Assessment

- An impact assessment will be undertaken into the affects of the phased abolition of the property based measures and the guillotine provision.
